

DAILY NEWS.

WEDNESDAY MORNING, SEPTEMBER 13, 1865.

LOCAL MATTERS.

THE FOLLOWING is a correct list of the members elected to the Convention from Darlington: D. C. MILLING, J. E. BYRD, J. H. NONWOOD.

THE BELLS of St. Michael's Church.—Many inquiries, of late, having been made of the fate of this beautiful chime of bells, whose sound attracted the attention of all strangers who ever heard them on the Sabbath, and whose notes upon the ears of those who were raised within the hearing of them never can be forgotten, we have to reply, that after being taken down from the steeple they were removed to Columbia, and there placed upon the railroad platform, where they remained until Gen. SHERMAN's entry into that city last February, when they were broken up and destroyed by his troops.

These bells had been taken down before the evacuation of Charleston by the British in 1781, and sent to England by Major TRAILLE, of the Royal Artillery, who claimed them as a military requisite. They were there sold at auction to a Mr. RYBENEC, who shipped them back to this city as a commercial adventure; but when they were landed on the wharf the overjoyed citizens took possession of them, and replaced them in their former positions in the steeple. This gentleman shortly after became bankrupt, and nothing further was ever heard of the transaction.

FATAL OCCURRENCE.—On Monday night, at about 11 o'clock, THOMAS GORDON, residing at No. 5 Church-street, and who for some time back has been employed on the Detective force of this city, jumped from a window of the fourth story of his house, and was instantly killed. Cause: Delirium tremens.

It is with pleasure we call attention to the card of your young fellow-townsmen, Dr. W. H. TARRANT, whose connection with, and faithful discharge of, duties in the public schools of this city for several years have given him a valuable experience in teaching, and helped to render him capable of accomplishing the undertaking he has in view. We bespeak for him the attention of parents and others interested in the all-important cause of education, and hope he may receive the patronage his industry and close attention to duty so well deserve.

DOUGLASS & MILLER.—There is no class of artists that a newspaper should take more delight in bringing to the notice of the world than sign painters, for they are emphatically "men of letters," and as such the "noble profession" is bound to stand by them. And with this flourish we introduce to our readers the card of Messrs. DOUGLASS & MILLER, which will be found in our paper this morning, merely stating that all kinds of painting are done by these gentlemen—as, for instance, the flag which hangs before our door informing the public of the whereabouts of the DAILY NEWS.

NATHAN & ORTOLENOU.—Passing the corner of Wentworth and Meeting streets, this morning, we glanced at the establishment which is to be occupied by these gentlemen for the carrying on of their transactions. The repairs are nearly completed, we are happy to say, and in a short time we may expect to see a lively time at this place, if the knowledge and experience of Mr. NATHAN, and the superior qualifications as a salesman of Mr. ORTOLENOU, can make and retain a capital business.

ATTENTION is particularly directed to the card of H. L. JEFFERS & Co., in to-day's issue. This firm, for many years known as COCHRAN, JEFFERS & Co., in this city, did a very extensive business, which was interrupted by the war; and they have now returned to resume their former occupation, and continue their services to their friends.

GROCERIES, ETC.—JAMES CANTWELL, at the northeast corner of King and Market-streets, advertises this morning an excellent and varied assortment of groceries. Mr. CANTWELL has long ago established such a character for industry and correctness, as to give him a high position among the merchants of the city. See his several advertisements.

COMMERCIAL HOUSE.—We are gratified to see this popular old establishment, at the northeast corner of Church and Queen-streets, opened again, and wish for it a return of the bright days it once experienced. The proprietor, Mr. C. OSTICH, is well known as a thriving, industrious gentleman, deserving well the patronage of the public. See advertisement.

LIVE OAK CLUB HOUSE.—The card of the proprietors of this establishment demands attention. The dinners and suppers served to order, are not surpassed by any in the country, and have, with other matters, rendered this house so very popular.

CENTRAL ICE CREAM GARDEN.—Our readers will perceive that the proprietors of this elegant retreat are determined, during this heated term, to excite themselves for the pleasure of their fellow-citizens. The programme of another delightful concert for to-night will be found in our columns, the bare announcement of which, we know, will fill the garden to its utmost limit.

SPARRING EXHIBITION.—The world-renowned AARON JONES, the trainer of HEENAN, presents a card to the public, offering lessons in the manly art of self-defence, and proposes giving an exhibition this evening, at which great enjoyment is anticipated. For particulars see advertisement.

CLEANING MARBLE WORK.—Mr. J. F. BAIL brings to public notice his capacity for cleaning all kinds of marble work, which at this time is much needed, when repairs are being made to houses injured by shells. Monuments and tombs can also be renovated. See his card.

THE TRADE OF CHICAGO.—The Board of Trade of Chicago has made its seventh annual statement, from which it appears that there are seventeen grain warehouses in that city, with a total capacity of 2,335,000 bushels. Of these, two have a capacity of a million and a quarter each; the lowest is 75,000 bushels. The business in produce shows a slight falling off in nearly every instance from the figures of the year preceding. The receipts of flour during the year amounted to 1,170,273 barrels, against 1,224,055 barrels received during the preceding year. The total shipments of flour during the same year amounted to 1,287,545 barrels, against 1,507,816 barrels in the year 1863-4. These statistics show a slight decrease in the trade for the past year, due chiefly to the unsettled state of the market and the fluctuations in gold, as well as to the high rates of freight that ruled after the close of navigation. The manufacture of high wines in that city during the year 1863-4, amounted to only 58,855 barrels, equal to 3,493,845 gallons. This shows a material decrease as compared with 1863, but it is due entirely to the passage of the tax law by Congress, which enabled holders of stocks to sell at lower prices than the manufacturers could furnish them for.

Charles Holden shot his brother dead in East-Lings, Michigan.

HELMBOLD'S FLUID EXTRACT BUCHU, FOR WEAKNESS ARISING FROM INDISCRETION. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Impotency to Exertion, Loss of Memory, Headaches, Horror of Disease, or Forebodings of Evil; Weak Universal Laxative, and inability to enter into the enjoyments of society. The Constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S FLUID EXTRACT BUCHU varies daily. If no treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT BUCHU. In affections peculiar to "FEMALES," is unequalled by any other preparation, as in Chlorosis or Retention, Painfulness, or Suppression of Customary Evacuations, Menstrual or Schirrus of the Uterus, and all complaints incident to the sex, whether arising from habits of dissipation, imprudence in, or the decline or change in life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH, Will radically exterminate from the system Diseases arising from Habits of Dissipation of little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copava and Mercury, in all these diseases.

USE HELMBOLD'S FLUID EXTRACT BUCHU. In all Diseases of these organs, whether existing in "Males" or "Females," from whatever cause originating, and no matter how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron. These suffering from Broken down or Delicate Constitutions, procure the remedy as usually made. The reader must be aware that however slight may be the attack of the above diseases, it is certain to affect his Bodily Health, Mental Powers, and Happiness. All the above diseases require the aid of a diuretic.

HELMBOLD'S EXTRACT BUCHU Is the Great Diuretic. HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT Sarsaparilla. For purifying the blood, removing all chronic constitutional diseases, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of Scrofula, Scald Head, Salt Rheum, Pains Swellings of the Bones, Ulceration of the Throat and Legs, Blisters, Pimples on the Face, Tetter, Erysipelas, and all aculey eruptions of the skin. AND BEAU TIFYING THE COMPLEXION. No a few of the worst disorders that affect mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purify it out, none can equal in effect HELMBOLD'S COMPOUND EXTRACT OF Sarsaparilla. It cleanses and renovates the blood, instils the vigor of health into the system, and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show the sick that it has virtuous surpassing anything they have ever taken. Two tablespoonfuls of the Extract of Sarsaparilla added to a pint of water is equal to the Libion Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the decoction as usually made. THESE EXTRACTS HAVE BEEN ADMITTED TO USE IN THE UNITED STATES ARMY, and are also in very general use in all the State HOSPITALS and PUBLIC SANITARY INSTITUTIONS throughout the land, as well as in private practice, and are considered as invaluable remedies.
